

MEASUREMENT & PLANNING (M&P)

Traemand has planned, assembled, and installed more IKEA kitchens than any other company in North America. We can't wait to get started on yours! The service is simple. We come to you to take measurements, then we work with you, at your own pace, to plan your dream kitchen.

ALL IN ONE PLACE

When you purchase your service from IKEA, you will receive a registration link to the Customer Portal via email. All of the work we do is linked to your profile, so it is easy for you to access. Please register when you have a moment. If you need help, just let us know!

KNOWING WHAT YOU LIKE

Good planning starts with knowing what you like. To get you thinking about the features you'd like in your new kitchen, use the Kitchen Planning Checklist at the store or at home via your Customer Portal. Pick out door styles, appliances, and any other functional details you would like to see included in your plan. Can't decide? Don't worry, we're always here to help!

LEAVE THE MEASURING TO US

We will visit your location to measure your existing layout. The date and time of your appointment is shown on your receipt and the service itself usually takes 30 to 45 minutes. We'll be sure to reach out prior to your appointment to confirm the time and address.

PLANNING THAT WORKS WITH YOUR LIFE

Once your measurements are uploaded to your Customer Portal, a Kitchen Planning Consultant will call you to discuss your hopes and dreams for your kitchen. Then we will provide you with a Kitchen Plan Package, all uploaded to your easy-to-use Customer Portal. Need to make changes to your plan? Don't worry, we'll be available to help you with revisions, too.

GETTING IT DONE

We can help with cabinet installation, we're IKEA's preferred service provider! We have local installation professionals ready to make your project a success. Signing up is easy, just click the installation link on your profile on the Customer Portal or give us a call!

We are here for you! If you have questions or need help, please email planning@traemand.com or call us at **(720) 214-4064**
