

PLANNING SERVICE (P)

WE CAN'T WAIT TO WORK WITH YOU!

Traemand has planned, assembled, and installed more IKEA kitchens than any other company in North America. We can't wait to get started on yours! The service is simple. You complete your own measurements, then we work with you remotely, at your own pace, to plan your dream kitchen.

MEASURING YOUR SPACE

Follow the self-measurement instructions provided by IKEA when you purchase your service. You will receive a registration link to the Customer Portal via email. All of the work we do is linked to your profile, so it is easy for you to access. This is where you will upload the measurements of your space once your measurements are complete. If you need help, just let us know!

KNOWING WHAT YOU LIKE

Good planning starts with knowing what you like. To get you thinking about the features you'd like in your new kitchen, complete the easy-to-use Kitchen Planning Checklist via your Customer Portal. Pick out door styles, appliances, and any other functional details you would like to see included in your plan.

PLANNING THAT WORKS WITH YOUR LIFE

Once we receive your measurements via the Customer Portal, a Kitchen Planning Consultant will reach out to you to schedule a 90-minute call to discuss your hopes and dreams for your kitchen. We use your responses from your Kitchen Planning Checklist to craft your Kitchen Plan Package. Your plan package includes a full layout of your new kitchen, a Total Parts Sheet costs, and an installation estimate—all uploaded to your portal. Need to make changes to your plan? We're able to help you with revisions, too.

PRODUCTS & DELIVERY

Once you're happy with your plan, take your Kitchen Plan Package to IKEA. There, a kitchen coworker will help you purchase your products by using the Total Parts Sheet. Then the coworker will help schedule the delivery of your new kitchen!

GETTING IT DONE

We can help with cabinet installation, we're IKEA's preferred service provider! We have local installation professionals ready to make your project a success. Let us know when your products are scheduled for delivery in order to align your kitchen installation service and keep your remodeling project on track! Signing up is easy, just click the installation link on your profile in your portal or give us a call!

We are here for you! If you have questions or need help, please email planning@traemand.com or call us at **(720) 214-4064**.
